CS21 Assignment #1

Write a Python script that displays 5 lines of information about you. For example,

Susan Sheldon
I am a first year Computer Science major
I am from Boston, MA
I have 2 brothers and a sister
I love to ski

Name our script `about_me.py` and submit it to the blackboard dropbox.

Any work you submit for this assignment should be authored entirely by yourself. Assistance is permitted from the instructor or teaching assistants only. All submitted programming assignments are subject to originality verification through software designed and used for the Measure Of Software Similarity (MOSS).
